

Dai Jimenez

experience

Mercury Marine UI Designer

august 2021 - current | remote

User Interface Designer for Mercury Marine's ID team. Demonstrated ability to design visually stunning and intuitive user interfaces for a variety of devices including the newest Mercury Marine app, other device interfaces, and creating & conceptualizing visuals, delivering assets, and animations.

Gensler Designer

june 2019 - june 2020 | washington, dc

Interior Designer in Work 4, & Lifestyle 2 studios. Responsibilities included expertly designing layouts that met clients' needs and preferences, carefully selecting furniture and finishes that enhanced the overall aesthetic and functionality of the space, and creating polished final presentations to effectively communicate designs to clients and stakeholders.

Perkins + Will Interior Design Intern

jan 2019 - may 2019 | durham, nc

Worked & supported Senior Design team by revising and correcting Revit plans, produced renderings of interior scenes, creating polished presentations, coordinating and organizing internal and external meetings, and maintaining the finishes library.

Provost Studio Design Intern

may 2018 - aug 2018 | apex, nc

Intern at a design experience and broadcasting studio, I assisted in the design development process, creating high-quality 3D models and renderings as well as concept packages for presentations. I also supported the senior design team in various tasks.
